

Commencing

Semester 1 (February) or Semester 2 (July)

“

UQ's reputation stood out and was one of the deciding factors to pursue a degree here. The environment and facilities looked great in pictures and they are not disappointing now that I've settled down here.

Yun Ying

Singapore Polytechnic graduate

UQ EXCELLENCE IN TEACHING

AWARD WINNER

Associate Professor McKimmie currently teaches a large introductory psychology course and the second year elective *Psychology of Criminal Justice* (PSYC2361) about psychology and law.

With colleagues, he has developed online courses that have been delivered to people all over the world. These include the award-winning course CRIME101x *The Psychology of Criminal Justice*.

Associate Professor McKimmie won a Faculty Teaching Excellence Award in 2010 and led the team to win a University of Queensland Teaching Excellence Award in 2016.

Blake McKimmie – Associate Professor

WHY STUDY AT UQ?

Employability

Stand out as a leader in your field. Graduates of the Bachelor of Psychological Science (Honours) are distinguished by their breadth of knowledge, developed professional skills and their advanced capacities for research, analysis and critical thinking.

Practical opportunities

Studying psychology isn't just about lectures and textbooks. We offer a fourth year course which gives students the opportunity to practically apply their psychological skills. In addition to on-campus workshops, students complete supervised work at a placement organisation. Tasks could involve program evaluation, service innovation, behaviour change, training design, youth mentoring, or clinical support. Not only does this help reinforce coursework, it allows psychology students to make a positive contribution to the world while they are still studying.

Innovators

UQ's School of Psychology is a key leader and innovator in the delivery of courses and learning experiences. Our courses offer students the opportunities to learn and engage in many ways through both face-to-face and online mediums, through workshops and tutorials, through learning by doing. We provide courses that will both entice and challenge you in your way of thinking.

Strong research culture

Push the boundaries of knowledge and develop high level skills in communication, research design, critical and analytical thinking and project management when you complete an honours level research project in your final year. You may have the opportunity to undertake paid summer or winter research programs, as well as having access to our research centres for Organisational Psychology, Social Psychology, Communication, Early Childhood Cognitive Development, Parenting and Family Support, Perception and Cognitive Neuroscience.

Honours

The Bachelor of Psychological Science (Honours) provides all students with an honours class upon graduation. In their final year and depending on grade point average (GPA), students complete either an individual or group thesis, supervised by one of the School's leading academics and researchers. An Honours degree allows students to pursue postgraduate study such as Masters or Phd. Final year at UQ commences in February only.

UQ STUDY PLAN

SEMESTER 1 ENTRY (FEBRUARY)*

Singapore Polytechnic — Diploma in Applied Drama and Psychology

#24 units credit awarded including PSYC1020, PSYC1030, PSYC1040, PSYC2030, PSYC2040, PSYC3102,
